2003 May 30th, Alpha Lead's  
apartment, one week after the infiltration.

It seems like North-South relations  
aren't going to improve!

That sure is a problem-!

So we prepared a new  
product as the tensions rose!

It's a 5-set survival  
kit for the whole family-!

Toot

We recommend this product  
for any and all families, in case a war  
breaks out! It is designed to handle  
worst case scenarios...

But wait, there's more!  
Buy this product and you'll get a...

Are they  
crazy...? How  
the hell are they  
able to sell that  
on TV?

So all you need to do is connect this to a car battery...

...The unwarranted South Korean attack on our vessel in our own waters is...

...Their false accusations regarding a terrorist attack will only make matters worse. Our glorious army is ready to turn Seoul into a fiery hell...

In response to North Korean threats, President Kim Tae-Won made a public speech denouncing North Korean actions.

Just as we neared our goal of reunification! The North Koreans again stabbed us in the back, threatening the very lives of innocent civilians of the Republic of Korea! As President, I cannot tolerate another lie from the tyrannical North Korean government.

Here, in my own hands, is evidence that the North Koreans were indeed involved in the tragic terrorist attack in Myanmar! Their actions will not be tolera...

Wh... What?!

Wh... What?!

Why's he saying that now?!

Ah, shit.  
How far will  
this go?!

A group of people in a dark space, possibly a stage or a performance. They are wearing dark clothing and some have glowing elements on their heads or bodies. The background is dark with some glowing orange and red lights. The overall mood is mysterious and dramatic.

# 70

The year of 2023, Korea, Republic of.

ART-WRITING KIM JAE-HEE

So, we're sure that 3 bio-chemical warheads matching the one used in Myanmar were retrieved from that silo? This is solid evidence. The North Koreans won't be able to deny this one.

Yes, we are sure that the 3 bio-chemical SCUD missile warheads were "retrieved" from the silo, but...

I'm listening.

We also have  
evidence that the red-  
eyed terrorist you saw  
was in North Korea.

ALRIGHT  
THAT'S ABOUT  
300 SKIP TO THE  
PART WHEN YOU  
INFILTRATED  
THE SILD.

Shit... I  
heard this can make  
you impotent...

Cut the crap.

Alright,  
Alright, geez.  
Uh... So I infiltrated  
North Korea last De-  
cember... And, uh...  
I infiltrated the  
Sogami sild this...

January... ? Yeah,  
it was January

My original mission was to bribe one of the guys in charge, sneak out a few samples of the newly developed bio-chemical weapons and stash them somewhere safe so I could hand them over to the pick-up agents.

Everything went pretty well, actually. I managed to bribe one of the officers and get my hands on the samples.

However, I saw  
3 Chinese trucks in  
the silo taking the newly  
packed warheads. I mean,  
I've never seen any Chi-  
nese trucks, not since  
I infiltrated the silo.

I knew  
something was up,  
so I got my hands on the  
data that listed everything  
that went in and out of  
the facility by paying  
off the same offi-  
cer, but....

For some reason, he didn't kill me, but he locked me up in a cell.

I eventually got tired of counting days... there weren't even any rats or cockroaches left to eat.

However, this Chinese guy appeared one day and dragged me out of the cell.

They cut my hair, let me wash, fed me... I thought it was some kind of last rites before putting me on death row.

Later, they put a bag over my head before dropping me off the a middle of a forest. Coincidentally, it was where I'd stashed all my stuff.

As I was trying to figure out what's going on, he said, in perfect Korean,

"A prisoner escaped. You'd better run fast if you don't want to get caught."

That moment was the first time I stared directly into his face, but I'll never forget that glowing eye.

Was it red by any chance?

Yes sir, is it popular these days?

This doesn't show his face but take a look anyway.

He has  
a similar  
build. I think  
this might  
be him.

But who  
is this guy  
anyway?  
Huh?

I firmly believe that this terrorist is behind these recent events.

And his objective?

I believe... a second Korean War.

And the reason?

The most important thing we need is evidence. Han, We don't even have that. The only things we know are that 3 biochemical warheads were taken out from a North Korean silo and that one of them exploded directly under my feet.

If the wheels keep turning this way, I don't think we'll be able to avoid a war. Shouldn't we be thinking about how to escape?

What?!

ETHB!

Yoshi

FUCK THE  
EVIDENCE AND FUCK  
THE REPORTS. ALL WE  
NEED TO DO IS FIND  
THAT RED-EYED  
PRICK!

DO YOU HAVE  
ANY IDEA HOW MANY  
MEN DIED UNDER YOUR  
COMMAND? DO YOU HAVE  
ANY IDEA HOW MUCH  
BLOOD HAS BEEN  
SPILLED?

AND YOU'RE  
TALKING ABOUT  
HOW TO ESCAPE? YOU  
CALL YOURSELF A  
FUCKING PRES-  
IDENT?!

Han... I mean,  
Seok-Gyu

You've got some  
balls, talking to your  
president like that.  
It's a good thing  
I picked you.

Now that I know that I can trust you, I'll give you a vacation just to thank you for your hard work.

Vacation is just an excuse—He's trying to take me off the radar.

NOTE: What he is trying to explain here is that the only person the President can trust is Han, so he is letting Han take a "vacation" so he can carry out personal assignments for the President without anybody else knowing.

I'm sorry, Han. There isn't much I can do. You're the only person I can trust with this. Gather a team composed of people you can trust. I want you to find all the information you can on that man and bring it to me. Whether we kill him or capture him is something to think about later.

Oh, and your vacation starts now.

I don't want to see you around. Get lost.

Captain Han? Aren't you coming back? We don't have any orders from the President, Alpha Team is on complete stand-by.

Jiang-Woo, I'm going on a vacation. From this point forward, I want you to cut all regular communications with me, whether it be normal or protected. I'll give you a separate line to contact me on.

Vacation...? Now?

Uh... Okay.

Anyways, what are your next orders?

Gather all the black-op agents you can find until I contact you again. I don't care if they're from the \*NIS or KDIC, just get anybody who's standing by.

This is Korea's typical office workers who called by their position, for ex. Assistant Manager. Also, black operations operatives tend to use civilian positions to disguise their identity. Hence Jeong calls himself a "manager" instead of a military rank.

I recieved your call. I'm "Manager" Jeong Jin-Wook. I worked with Captain Park.

So you've heard. I'm pretty sure you've got all the necessary intel by now.

If the warheads are from the Sogonm Silo, there's a 100% chance that the cargo makes a stop in Shanghai.

I contacted one of the teams from my department in Shanghai, so just trust them and wait for my call.

Ahhhhhh!

Don't you think we need more manpower than just a single KDIC team? I've got an NIS team standing by...

Tell those white-collars to stick to pushing paper. They won't be able to keep up with us.

VROOOOM!

Hey, Chaff! How about picking up the phone for once? ... Remember what I told you before I left for vacation? Are the bags ready to go?

Get the crew and assemble  
them at the interior gates of Jackson  
Airport! Make sure you prepare a  
place in Shanghai!

What, you think we're going  
there to eat dumplings? Of course we  
need to bring weapons!
